

Upper Clyde: AD November 2019

***A PRIVATE SAILING: AUTUMN HOUSE PARTY AFLOAT
to banish 'virus memories' and catch up with friends.
Four Nights exploring the little-known sheltered waters of
LOCHS FYNE, LONG, GOIL or STRIVEN***

***Whisky Tasting, Private Apartments of Castles & Houses, Gardens, Waders & Wildlife
ISLES OF BUTE, ARRAN, GREAT CUMBRAE & AILSA CRAIG
with AMELIA DALTON and wildlife expert ANDY BUNTEN***

"I cruised these unexplored waters in on Hebridean Princess in November 2019 and had stunning weather. Whilst I can't promise the weather, I can promise excellent food, carefully organized days and an entertaining short break." Amelia

We are spoilt for choice in these sheltered waters with so many varied and fascinating activities from which to choose. The Captain will finalize our itinerary according to the weather enabling us to explore and visit in these

protected and rarely cruised waters. Choosing between the little explored sea lochs of **LOCH FYNE, LONG, GOIL** and **STRIVEN** and the **KYLES OF BUTE** slicing deep into the hills, our indoor visits might be at the smallest **cathedral** in the British Isles on tiny **GREAT CUMBRAE** or the fascinating **private apartments** of **MOUNT STUART HOUSE, ARDKINGGLASS** and **INVERARY CASLTE**. Whisky tastings at distilleries on **ARRAN** and **CAMPBELTOWN** are on tap. The autumn colours of **CRARAE's gardens**, waders working the tidal shores, quiet tracks, caves and cycle rides are all available to us. Whilst the days may be short, we will not be short of entertainment on board either, with talks from **ANDY BUNTEN** and **Amelia**, sumptuous food and drink, musicians and possibly a hand or two of cards.

AUTUMN BIRDS of the CLYDE: black-throatd diver, merganser, bar-tailed godwits.

Cruising the Kyles of Bute, NOVEMBER 2019

ANDY BUNTEN is a popular speaker on many expedition ships and well known as a knowledgeable 'birder' and marine mammal expert. He has brought amusement and knowledge to many of my previous wildlife ship expeditions from Costa Rica to Madagascar. He was Director for the RSPB in the North East and I am delighted he will join us.
