

## CRUISE the MEKONG RIVER

10 days of style, elegance & warmth in February 2025.

Escape winter chills with a varied and exciting combination of ancient history, colonial elegance, bustling modernity and delicious contemporary dining.

We begin our holiday visiting both the famous and less well-known temples of **Angkor Wat**, before enjoying the vibrant modern dining scene in **Siem Reap**. From kimonos to canapés, our cruise is on board the stylish **R.V. Bassac Pandaw**. Glowing with teak, she captures the essence of the mighty **Mekong**. Enjoy the on-board spa and top-deck viewing with complimentary ice-cream!

Days slip by with vignettes of rural river-life as we gently cruise this fascinating river. Leaving our ship, we visit riverside villages, bamboo forests, fruit orchards, exotic birdlife and bustling night markets. In **Phnom Penh**, we see the **Royal Palace**, **Silver Pagoda** and **National Museum**, and explore the night market before dinner ashore.

Disembarking in bustling **Saigon**, we can join the locals for Thai Chi, have a noodle breakfast and explore the alleyways of **Chinatown**, see the **Revolutionary HQ**, **secret bunker**, visit a roof-top bar and dine in an elegant restaurant.
